## **Commercial Data Systems to Exhibit Virtualization and Private Cloud Solutions at FOSE Conference 2010**

### ***CDS to Highlight Virtualization, Cross Domain Solutions and Private Cloud at Booth #1302 -***

**WASHINGTON, DC – March 22, 2010** - Commercial Data Systems ([www.cdsinc.com](http://www.cdsinc.com)), a leading IT consultancy and systems integrator, will present its enterprise virtualization platform and private cloud solutions at the FOSE Conference 2010. CDS has a long history of serving government customers including the U.S. Central Command, U.S. Pacific Command, U.S. Coast Guard, Social Security Administration and U.S. General Services Administration (GSA). The CDS exhibit will be located at booth #1302, highlighting its solutions for virtualization, HPC, trusted computing, applied technology and enterprise services. The FOSE Conference is being held March 23-25 at the Walter E. Washington Convention Center.

With more than 20 years of contracting experience in the government market, CDS understands how to deliver complex solutions on time, under budget, and with the right program management expertise. CDS offers a broad range of contract vehicles, including government-wide acquisition contracts (GWACs), agency-specific, and state specific contracts.
